Commercial Flooring Maintenance Completed Study Prospectus

The Most Extensive Study of the North American Market for Commercial Flooring Maintenance is Now Available for Sale as a Total Report or by Chapter

Cyprus Limited is pleased to announce the completion of the 4th Edition of the The North American Market for Commercial Flooring Maintenance. The study consists of 1,400 detailed telephone discussions with flooring maintenance professionals across the North America as well as many hours of additional research. It is presented in one CD volume containing over 2,238 pages of detailed analysis in matrix format.

The 2013 Report provides a thorough review of all major flooring surfaces including Vinyl Sheet, Vinyl Tile, Linoleum and Rubber Sheet & Tile, Solid/Luxury Tile, Carpet & Carpet Tile, Polished & Unfinished Concrete, Stone, Terrazzo, Factory Finish and Site Finished Wood, Laminate and Ceramic Tile. The study documents flooring maintenance practices by Establishment Type, Size and Area of Application within each establishment. In addition, the research captured the hours of maintenance by specific maintenance activity, the maintenance supplies consumed and the manual and automated equipment used.
