

# Codamount Laminator Price Sheet

Our new Codamount Laminator leverages Coda's award-winning laminator technology in a unit with optional features so you can configure (and afford) just what you need and nothing more. Available pressure-sensitive, heat-assist or thermal in 26", 34", 44", 54" and 64" widths. The Codamount Laminator is easy to use and can be run by one operator. This laminator is the ideal choice for any size business, from being the backbone of a small shop to being a high production unit in a larger operation. The features on Coda's Codamount Laminator are comparable to industrial machines requiring a higher investment of both time and money.

## Key Features:

- Pressure-Sensitive, Heat-Assist or Thermal
- Single side gap adjustment, nip rollers open to full 2"
- Operator-adjustable tension control
- Self-locking 3" core supply and take-up mandrels
- Safety motor stops – automatic and manual
- Precise roller height and pressure adjustment
- Sturdy base with locking casters
- Top feed and take-up
- Optional bottom feed and take-up for coating both sides in a single pass
- Powder-coated finish for durability
- Single person operation
- Ships fully assembled and ready to run
- Technical support direct from the manufacturer
- Three year warranty on parts and workmanship
- Designed, engineered and manufactured in the USA
