

Cold-Mount® Pressure Sensitive Overlam

Pressure Sensitive Overlam Rolls

Smooth Laminates

Coda, Inc. offers several smooth Overlams. Glossy Overlam provides a high gloss surface. Lustre Overlam is a semi-gloss laminate that breaks the heavy reflections that a glossy surface creates in a high key situation. Matte Overlam provides a very dull surface that eliminates reflection on the print surface. It also diffuses the image providing a "soft focus" effect. Elam is a smooth semi-gloss laminate designed to write on with dry erase markers. The marker ink wipes clean without leaving a "ghost" image behind.
