

APD Family Bands Together to Support Ainsley's Journey

About Ainsley Pircher

Ainsley was born on August 7, 2009. She is the daughter of Austin Police Officer Mark Pircher and his wife Angela. Ainsley was born with Pfeiffer's Syndrome, a rare disorder associated with premature fusion of the skull sutures. When she was 4 months old her parents found out she also had partial lambdoidal fusion (suture across the back of the head). In January of 2010 Mark & Angela took Ainsley to Dallas for her first of many cranial surgeries. Treatment for this disorder involves several surgeries and a team of medical professionals that will be with her until her teen years.

Ainsley Pircher Medical Fund

Austin Cops for Charities has organized a fundraising campaign within the APD Family to establish a medical fund to help assist Officer Mark Pircher and his family in their long journey in helping Ainsley with this disorder, surgeries and long term care. We are reaching out to our fellow APD family and asking for a ONE-TIME payroll deduction donation which will be deducted ONLY ONCE from the first available pay period after 01/21/2015.

Contributions can also be made via Austin Cops for Charities website at www.austincopsforcharities.com.

"Ainsley is a very independent, loving and caring little girl who loves to jump on the trampoline with her two big brothers and play with her baby dolls. She has taught us so much in her little 5 years and our hopes are for others to see the true beauty Ainsley holds!"

Angela Pircher
